

# The McCubbins

Reaching the lost and Training leadership

JUNE - 2014

**GUATEMALA:** On March 26<sup>th</sup>, just two weeks after having had surgery on my left foot, I flew to Guatemala for 2 weeks of meetings. Since I had to be on my feet a lot, swelling was a problem; but you prayed and God undertook for me.

I preached in two different churches: The first is called *Iglesia Bautista La Verdad* - "THE TRUTH Baptist Church." This is a missionary work that is seeing God's blessing. Pray for the new branch of our Bible College that started in their church.

The second church is called *Iglesia Bautista Jesucristo Salva* - "Jesus Christ Saves Baptist Church". I've never heard of a church with that name before but I really like it because the name tells everyone, right-up-front, what their message is.

The following week I had the privilege of teaching a 5-day Pastor's Conference in a place called *Nido de Aguilas* - "Eagle's Nest." The conference center was located on the rim of a large

volcano which filled with water over time and formed *Lake Atitlán*. At its deepest point it is more than 1,000 feet deep making it the deepest lake in all of Central America. The picture below shows the view I had from my balcony. It was absolutely beautiful!

The Pastor's Conference was well attended. I had been asked to teach on the subject of *Jewish Customs and Culture* as it relates to the scriptures. I started in Genesis and covered everything I could in those 5 days. God blessed our time together.

**HONDURAS:** In May I traveled to Honduras for a week of meetings which included the oral exams and graduation of Manuel and Mario from our DVD Bible College and Seminary. I was impressed with these two men who despite their age made the commitment and sacrifice necessary to complete the four-year program. Both of them are serving as assistant pastors in their churches.

**LOS ANGELES:** God continues to bless the work here in Los Angeles. I recently had the joy of leading Don Uy and Sandra Gonzalez to Christ. This past Sunday they both followed the Lord in baptism.

In closing we want to thank you for laboring together with us through your prayers and faithful gifts. You are a tremendous blessing to us!

Your servants and His,

Mike and Elaine McCubbins
